

WATCH 4TH OF JULY FIREWORKS ACROSS THE USA ON EARTHCAM

By Stephanie Crist • June 29, 2018

We love our friends at [Earthcam](#)! They bring us a front row seat to things that we would never be able to experience, and it's all free! If you want to be part of Independence Day celebrations across the USA with just the click of a mouse, then get ready to wave your American flag and watch celebrations in San Francisco, Las Vegas, Seaside Heights, New Jersey, Philadelphia, Chicago, and even from the Statue of Liberty.

Watch the Independence Day cams [here](#), and Happy 4th of July, everyone!
