

Ground Zero Time Lapse

09/11/2014 10:48 PM

In a show of solidarity, [Earthcam](#) is pausing to remember the anniversary with the release of this time-lapse video.

The video honors the victims of 9/11, their families, first responders and construction crews. The time-lapse captures the construction of the 9/11 exhibit from October 2004 to May of this year. It also shows the "Survivor Tree".

The tree was found shortly after the attack and is a symbol of strength and resilience. Earthcam's CEO set up the camera days after the attack.
