

NFL Stadium in two minutes

Editorial: Sports Central

Mexico D, F., 2014 / September / 19

Through a frame almost two minutes you can see how it was built the Levi Stadium, new home of the San Francisco 49ers in the NFL.

To make this video were used over 200 thousand images of the 29 months it took the building of this scenario.

Air chambers including if Gigapixel [Earth Cam](#) Cam, plus 250 thousand panoramas with robotic cameras to capture the process were used.

Spanish translated using Google Translate.
