

## Check out a neat time-lapse video of the George W. Bush Presidential Center's construction

April 23, 2013 By Tom Benning

The team over at [EarthCam.net](http://EarthCam.net) has created a pretty nifty time lapse video of the George W. Bush Presidential Center's construction, which began with a ground-breaking in November 2010.

And after you're done checking out the video, click here to see more Bush Center coverage on [dallasnews.com](http://dallasnews.com).
