

## Watch live as Seaside Heights rebuilds from Hurricane Sandy

Friday, March 22, 2013  
Eyewitness News

SEASIDE HEIGHTS (WABC) -- You can watch the rebuilding of the Jersey Shore at Seaside Heights from your computer.

EarthCam has teamed up with Seaside Realty to deliver live views from their webcam located right on the Seaside Heights boardwalk.

Viewers all over the world will be able to stay up-to-date on the progress.

The Casino Pier in hard-hit Seaside Heights, where a roller coaster was pitched into the ocean, won't be open by the start of the summer season, but officials said the water park and go-cart course in Seaside will be operating by Memorial Day.

Visit EarthCam's Seaside Heights camera and watch live as the boardwalk is reconstructed at <http://www.earthcam.com/usa/newjersey/seasideheights>.
