

Travel Webcam of the Week: Kaua'i, Hawaii

June 27, 2016 Johnny Jet

The screenshot shows the EarthCam website interface for 'KAUA'I cam'. The main video player displays a sunset over the ocean with palm trees in the foreground. The interface includes a top navigation bar with 'EarthCam', 'KAUA'I cam', and search icons. Below the video, there are links for 'Hall of Fame', 'EarthCam Network', 'Services for Business', 'Help', and 'More'. The video player shows a timestamp of 'July 5, 2016 6:54 am' and '4372 Likes'. Below the video is a 'RELATED CAMS' section with five thumbnails: 'Kauai', 'Koloa, HI', 'Maui, HI Hawaii', 'Waikoloa, HI', and 'Vinita, OK'. At the bottom, there is a promotional banner titled 'Aloha from Poipu Beach, Kauai, Hawaii!' featuring a map of Kauai and text: 'EarthCam and The Parrish Collection Kauai invite you to the beautiful island of Kauai in HI Hawaii. Experience breathtaking views of this popular island and enjoy its spectacular surf and stunning sunsets.' Below the text is a link for 'Kauai Vacation Rentals at Poipu Beach' and the logo for 'The Parrish Collection Kauai'.

Since my wife and I are visiting the 50th state to join the union this week, we're featuring a Hawaii webcam! Natalie and I are checking out the new Four Seasons Oahu, but since they don't have a webcam, here's one with breathtaking views of the neighboring island of Kaua'i (and here's more on Kaua'i)! Enjoy its spectacular surf and stunning sunsets.
