I just spent three glorious days in San Francisco, staying at Cavallo Point, which is just across the Golden Gate Bridge in Sausalito. The hotel has spectacular (and I mean spectacular) views of the San Francisco skyline (I highly recommend getting up for sunrise on a clear day).

If you can't make it to San Fran, you can at least check out EarthCam's live cameras of this beautiful city. EarthCam has partnered with the South End Rowing Club and Hilton San Francisco Union Square Hotel to bring you panoramic views of the City by the Bay. Visit famous landmarks like the Golden Gate Bridge and Alcatraz, or enjoy a live look at the skyline with these San Francisco webcams!
