

## Watch Live Peregrine Falcon Chicks Hatch

The resident Omaha Peregrine Falcon family have been diligently incubating their 4 eggs and the wait has paid off because the first baby arrived early Friday morning.

Thousands of people world-wide have been watching the falcon's via the [EarthCam website](#). The cams are perched on top of the Woodman Tower.

A live feed is provided below by EarthCam: [EarthCam - Omaha Falcon Cam](#)

For live HD views of the resident falcon family atop the WoodmenLife Tower in Omaha, Nebraska, let EarthCam take you inside for a closer look. This live HD webcam is unlike any other camera around... Enjoy!
