

## Eyes On Bears at Hollywild Animal Park

*A group of rare bears will be featured on the new "Eyes on Hollywild" EarthCam.*

SPARTANBURG COUNTY, S.C.  
(Simpsonville Patch) Apr 13, 2013

A new feature at Hollywild Animal Park in Spartanburg County will allow you to watch the bears on exhibit as they romp and play.

[EarthCam](#) has partnered with the park to bring a live webcam online. EarthCam is the same organization that brought you the giraffe cam at Greenville Zoo earlier this year.

Hollywild's camera will focus on Honey Bear, a grizzly, and Syrian Brown Bears Giza, Ramses and triplet cubs that were born in January 2012.

The newest cub, Syriana Nyeff, was born three months ago.
