

Cherry Blossom Cam is up and running

By WTOP Staff April 7, 2015 8:06 am

WASHINGTON — If you can't get to D.C. to see the cherry blossoms, or you can't face the crowds and traffic around the Tidal Basin, you can check it out on your computer.

EarthCam and the National Park Service are once again partnering on the [Cherry Blossom Cam](#), a 24-hour live web broadcast.

Have a look here.
